i was blinded

i was blinded by her beauty, she's a girl you want to keep
i should've remembered what daddy said, that beauty is only skin deep
i was blinded by her talk, you knew she was using me
i know you told me true now baby, i wish my blinded eyes could see

**blinded by her looks,
blinded by her grace
blinded by her twisted words,
but you should've been in her place**

i was blinded by her beauty, she had me acting such a fool
i should've seen that you loved me more, i see i was being schooled
i was blinded by her cheating, when i fell on my face
when i saw your sweet, sweet smile, i knew i was in the right place

chorus

now i know that you love me, you've always been here for me
you took my heart and opened my eyes, baby you're as beautiful as can be

madly in love

you blow in my ear and tickle my feet to wake me up
i fuss and fume throw pillows 'cross the room, but i can't be mad at you

you throw ice water in my shower, just to hear me scream

i fuss and fume throw soap 'cross the room, but i can't be mad at you

'cause when i see your eyes and that beautiful smile

i remember why i said i do

we play this game and it's always the same

i'm madly in love with you

you hand me the phone, it's a d.j., says i won a million bucks
when i start to choke, you tell me it's a joke, but i can't be mad at you

you vacuum in front of the big game at the end of overtime

i didn't see the play that won the day, but i can't be mad at you

'cause when i feel your touch and that body so hot

i remember why i said i do

we play this game and it's always the same

i'm madly in love with you

you give me your hand and say i'm yours forever and today
this is when i know, there's nothing more to show, i'll always be in love with you

'cause when i see you dance and hear your laugh

i remember why i said i do

we play this game and it's always the same

i'm madly in love with you

chorus

i'm madly in love with you, i'm madly in love with you,

i'm madly in love with you

lost hearts incorporated

hey sit down next to me, can i buy you a drink
looks like, you've had a night to forget
what's that you say, he's a liar and a cheat
all that time you were with him, you never felt complete

**why don't you join us, we meet once a week
we all talk about loves crazy ways
we help each other heal and get intoxicated
hey welcome to lost hearts incorporated**

we all know what you're feeling, we've all been there
everyone here has lived it, we've all got stories of despair
how we all gave our hearts, time and time again
only to realize, this madness never ends

chorus

don't let your eyes rule your heart, give yourself some appreciation
let me get you another drink from the lost hearts incorporation

songs i could have wrote

staring down at that glass of red, red wine
drinkin' with hank williams and patsy cline
feeding the juke box and singing along
to the tunes that should've been my songs

**songs i could have wrote, every verse and every note
they take me back to when i loved you so
songs i should have wrote, full of sadness and hope
they take me back to when i watched you go**

playin' those golden melodies from the past
listenin' to the songs that will always last
drinkin', cheatin', crazy love and the wrongs
they're tunes that should've been my songs

chorus

in my neon memory of your face
i remember the love i misplaced
dancing with you once again in my mind
to all those songs that stand the test of time

chorus

**they take me back to when i loved you so
they take me back to when i watched you go**

wonderin'

you're sin, a sin-sation, sinsational to me
what kind of woman, do you want me to be
i've been in, in this place, more than a time or two
but i ain't never seen, a man quite like you... well

i wonder how you feel about me...
i wonder how you feel next to me...
so much i wanna know, where do i begin
you got me guy... and i'm wonderin'

you're sin, a sin-sation, sinsational for sure
how much of your lovin', do you think i could endure
i've been in, in this place, more than a time or two
but i ain't never fell, for a man quite like you

chorus

break

how is it that you tied up my heart, and set my mind on fire
can i do the same for you... will you let me be your desire

your jeans look good tonight

boy it's great to see you again, i've missed your body talk
it's been a long time, you're looking real fine
i wanna shout it out loud that you're mine

boy where have you been, did you miss my lovin' arms
can i say one thing, just let me sing
about how your lovin' is king

your denims are fittin' real tight
the way you're dancing makes it right
those levi's are inviting, your movements are exciting
baby your jeans look good tonight

back in town, and in my arms, i don't think i'll let you go
we're gonna dance all night, the way you hold me tight
i'm yours boy i can't say no

chorus

i'll say one thing, just hear me sing that your lovin' is king

countin' the stars 'til morning

drive me to the edge of town, where our hearts beat the only sound
then maybe we'll blow a kiss to the moon
under the blanket of this summer night, we'll welcome the morning light
holdin' each other singin' that lover's tune

**counting the stars 'til morning,
counting the lights up above
counting the stars 'til morning,
counting the reasons we love**

will you fly me to the milky way, or paradise where we can stay
i just want you to always be next to me
send our love into the sky, count one more reason why we try
to stay in each others arms endlessly

chorus

so much beauty in your eyes, it covers my heart and fills the skies
promise that you'll always be my shining star
when i hold you i feel the universe, you inspire me for another verse
you're my galaxy of love that's what you are

you can't dance

i rolled into san diego from the high sierra plains
hadn't seen the big city for a couple of years
asked a cabby to take me somewhere pure country
to hear some george strait and have a couple of beers
it was a wannabe dance hall on a friday night
all the people were dressed the same
urban cowgirls, bourbon cowboys all playin' the mating game

**i remember her walkin' up to me
with the prettiest smile she said what'll it be
i said a cold beer, a warm heart and a chance
you're the prettiest girl in the bar and you can't dance**

i stayed all night leanin' on that rail until closin' time
watchin' her work her charm with all around
her name tag said julie, her eyes sparkled like the desert sky
she said i'd love to serve you when you come back to town

chorus

under the stars i'm thinking of her so far away
heading back to san diego, this time i'll hear her say
i'd like to spend some time with you, and take a chance
on a cold beer, warm heart and a dance

acoustic in the dark

i wake up in my stucco cave, start the routine over again
head out to fight for that dollar, but it can't buy a friend
i join the steel horse roundup on the asphalt trail
to cross the cement river to a city that's for sale

**and i set here all alone with a bottle of memories
watching lovers strollin' in the park
i think about you and what you meant to me
as i strum my acoustic in the dark**

i walk through the techno jungle, marble towers all around
all i feel is frustration, rushin' up from the ground
steel and glass mountains rise up to choke my words
and over the concrete canyons is the roar of silver birds

chorus

i thought this city life would help me forget you
it's funny that it only makes me want you more
i find it so hard to deal with all the emotions that i feel
don't be surprised to find me knockin' on your door

your 2 timing

i heard it from a friend who heard it from you
that you were running 'round with someone new
i guess i looked a little confused, i guess i felt a little bit used
well i found out that it was true, you were running 'round with someone new
i went out and found love a waitin', there were no questions, no hesitatin'

your two timing is the right timing

'cause i've found somebody new

your two timing is the right timing, for me to leave you

i'd never gone looking if you'd been true, i never needed anyone else but you
when i found out that you were cheatin', i knew my feelings were self-defeatin'
i never thought i'd see the day when you would lie and cheat me that way
i guess i looked a little confused, i guess i felt a little bit used

chorus

i heard it from a friend who heard it from you that you were sorry and oh so blue
i bet you looked a little confused, i bet you felt a little bit used
well i found out that it was true you were kicked out for someone new
i hope you've learned and now you see, what a good thing you had with me

chorus

yeah, that's what you get when you leave a good thing baby... you know i was the
best thing that ever walked through your door. oh i bet the nights are lonely now...
you know my new squeeze is... ha! aw baby!

let's begat

baby, i was reading in the bible last night about all the sons of men
seems the relatives and lineages were important to understand
i kind of lost it with who did who and how many this one had
but with all that loving in the good book, surely it wasn't all bad

**i'd love to go begatting with you, would you like to begat with me
i think we could make some juniors, let's begat a family
i'll love you 'til the day i die, i'll give you what you need
let's agree to start begatting, let's be sure to sow some seed**

don't think i'll have the need for more wives or a concubine
you love me to exhaustion, oh and baby that's just fine
let's have some oysters and a bottle of strawberry wine
we'll pitch a tent out back, and begat 'til we lose our lovin' minds

chorus

and when we're old and grey we can sit on the porch and say
we did our job and begatted, now watch the grandkids play

chorus

just a little bit, just little bit of begatting baby, that's all i need
i know you want it.

honkytonk soul

i was singin' my best on a friday night in a smoky old frontier saloon
underneath the neon at the end of the bar
sat a cowboy listenin' to my tune
he tipped his hat after your cheatin' heart
he clapped a bit when faded love was fadin'
while taking a break he walked up to me
shook my hand and i still hear him sayin'

**son you sing a good song but have you lived it
the heartbreak and memories you'll never forget
some night you'll sing it and you'll know
that you've found that honkytonk soul**

i thought all those years i had it in me but the play of life has so many stages
the bad times and good wear me down and build me up
and my honky tonk soul keeps writin' pages

chorus

now i'm older with a heart full of livin'
father time has shown me what to hold
one memory of a nameless cowboy
who taught me to find that honky tonk soul

a little bit redneck

he loves to ride the trails on his appaloosa
i love burning rubber in my porsche
he loves to throw ribs on the barbecue
and i love the lobster at che' torch

**a little bit redneck, i love him so
rough around the edges, but he'll never know
a little bit redneck, i don't mind at all
my heart's locked up in his overalls**

well he's out in the field a bailin' hay
i'm singing this song, sippin' cabernet
he'll wave again when his tractor goes by
you know i've never seen my baby in a tie

chorus

his card playin' buddies come over friday night
beer and sloppy joes, a good ole boys delight
but when i get home from the concert show
he's waiting for my loving, and i want him so

guitars are like women

drive you insane or to ecstasy, tempermental as a hurricane
drown your dreams or feed your fantasy, either one she will sustain
rounded curves in all the right places, tapered and smooth to the touch
on the town or out on the road, you love her just as much

**guitars are like women, they keep on giving
if you handle her sweet, she's right on the beat
she'll give you some good loving
guitars are like women**

share your mind, heart and soul, trust her to sing out your songs
she'll give energy back twofold, like a part of you that always belongs

chorus

show respect don't string her on, take her along and be proud
play her when she needs you to, from a whisper to screaming loud

i can move slow

she's a blur zipping by on a summers day,
she's a streak heading down the highway
when i catch her at the next red light,
she yells "i can move slow when it feels right"

**a need for speed, gotta run can't stay
moving all the time, get outta her way
when it's love she needs i hear her say
"i can move slow if you wanna play!"**

tearing through the market, cart on two wheels,
blowin' through the mall, shoppin' the deals
when i catch her at a burger drive-thru,
she says "i can move slow when i want to"
everything's fast, no time to wait,
cut to the chase, she don't hesitate
she won't waste time on mindless chatter,
she says "i can move slow when it matters"

chorus

she's fuel-injected, turbocharged, supercharged, maximized,
jetplane, missileflame, rocketblast, built to last,
lovemobile, she's my thrill, gotta chase her, can't replace her,
take my treasure for her pleasure, i love her so slow...

chorus

i can move slow, i can move slow

hey darling, let's hurry up so we can go slow, you know what i mean? yeah baby, some thing's you
just can't rush! guess i'm gonna hafta catch you huh? well, here i come baby... come back here...

slow down... whoa!
